

University Lounge

Participate in the University Lounge of the 6th World One Health Congress and demonstrate your academic institution's dedication to One Health, engage with other leading universities and share information on courses, post-doc positions and consortia.

The University Lounge is a separate exhibition, centrally located on the Congress floor, and is open to universities from all over the globe. The Lounge is specifically designed for academic institutes to showcase their One Health research and to discuss pathways to implement the lessons learned from the Congress.

Participants in the University Lounge receive:

- a tabletop stand and brochure display rack
- recognition in the Congress programme book
- recognition on the Congress website

To secure their space in the University Lounge, academic institutions need to register and pay for a minimum of 10 delegates. No separate supporter's fees will be charged.

About the 6th World One Health Congress

In June 2020, the 6th World One Health Congress will bring together some 1,000 researchers, policy makers and practitioners from universities, governments and industry who are working towards integrated approaches and effective responses to complex global health challenges.

To capture the multifaceted One Health concept, the Congress will have three separate programme tracks. The **One Health Science (OHS)** track focuses on zoonoses and emerging and re-emerging infectious diseases. The **Antimicrobial Resistance (AMR)** track is dedicated to investigating, preventing and controlling antibiotic resistance. The **Science Policy Interface (SPI)** track is a tailor-made programme for public health officials and government representatives, offering information and practical application based on the most recent scientific insights.

A series of plenary sessions and satellite symposia will provide a platform for trans-disciplinary interaction and exchange of ideas in a true One Health spirit.

A JOINT INITIATIVE BY
