

ABSTRACT GUIDELINES

Abstract Structure

Abstracts should be structured as follows:

- **Topic:**

Indicate the congress programme topic addressed in your research abstract from the list below:

- Pathogen discovery
- Surveillance and early detection
- Diagnostics
- Intervention strategies
- Social science and politics
- Pathogenesis
- Drivers for emerging diseases
- One Health in underprivileged communities
- Vaccines
- Infectious diseases from an ecohealth perspective
- Use of antibiotics in human and animals, in food and agriculture and the link to AMR and environmental impact
- Genomic epidemiology/ evolution of antimicrobial transmission
- Real life applications of whole genome sequencing
- Prevalence and surveillance of antimicrobial resistance
- Novel strategies for AMR interventions and preparedness
- Alternative approaches to tackling resistant infections
- Rapid diagnostics in AMR interventions

- **Background:**

Indicate the purpose and objective of the research, the hypothesis that was tested or a description of the problem being analyzed or evaluated;

- **Methods:**

Describe the setting/location for the study, study design, study population, data collection and methods of analysis used;

- **Results:**

Present as clearly and detailed as possible the findings/outcome of the study, with

specific results in summarized form.

- **Conclusions:**

Briefly discuss the data and main outcome of the study. Emphasize the significance and implications of the results.

Font

A standard font, e.g. Arial, should be used when formatting the text. This helps to prevent special characters from getting lost when copying the text.

Word Limits

The abstract text body is limited to 450 words. Titles are limited to 30 words.

A maximum of three tables and three graphs/images can be included: a graph/image (in JPG, GIF or PNG with ideally 600 dpi) counts as 50 words and a table counts as 10 words per row.

Language and spelling

All abstracts must be written in English.

It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact in the abstract text will be reproduced as typed by the author.
